

Jotunger

A VIKING FEAST & MUSICAL EXPERIENCE

*An Immersive Experience of the Ancient North through
Dinner, Drinks, Music & Storytelling*

Join us for an evening where the symphony of ancient instruments, soaring voices and tales from the Sagas harmonises with carefully selected, curated drinks, and food inspired by the Viking Age. Elevating each other to create an immersive experience you won't soon forget.

The food is carefully prepared and curated by the historical food experts from **HISTORISKE MIDDAGE / HISTORICAL DINNERS**, the music delivered by the Viking Band **JOTUNGER**, and you are skillfully guided through each drink by award-nominated whisky ambassador and CO-CEO of Whisky & Witches: An Immersive, Magical Musical Whisky Tasting, **CHRISTINE KAMMERER**.

Meet your Hosts

JOTUNGER is a Danish Viking band whose work, like that of the Vikings themselves, is inspired by travel across different parts of the world - as well as through various branches of folk - and historical music. They have performed at a wide range of events and festivals, including numerous times at places like The National Museum of Denmark, Moesgaard Museum and Copenhagen Historical Market. Their international experience includes Lofotr Viking Museum in Norway and Edinburgh Festival Fringe in Scotland.

Jotunger's performance is not only entertaining, it is rooted in history and echoing ancient melodic structures which are woven into original compositions. The band has decades of touring experience and diverse backgrounds ranging from University to Music Conservatory.

HISTORISKE MIDDAGE / HISTORICAL DINNERS consist of chef and history enthusiast Sara Broberg and cultural historian Ditte Kröner.

Together, they turn food into a complete experience with captivating stories about the food culture at the time of the Vikings. Inspired both by the daily life of the Norsemen in Scandinavia, and the food cultures they encountered on their many travels. The synergy between the chef's craftsmanship and love of fine ingredients, and the academic's knowledge of archaeological findings and historical recipes, makes the experience truly special.

Since 2009, SARA BROBERG has worked with historical interpretation of food. She later trained as a chef at Broholm Castle, and now runs the company Taste of Time, which specializes in historical cuisine and events of all kinds.

DITTE KRÖNER is a cultural historian and folk high school teacher. She gives lectures and teaches textile crafts and historical cooking. Ditte has worked with living history interpretation for 20 years.
